All home games will be played Saturday afternoons, with twilight games Wednesday and two games on holidays. In contrast to preceding years the Narberth Club will play at home every Saturday and Wednesday.

Business Manager Hollar announces that the schedule, about half completed at present, includes some of the best clubs ever seen in Narberth, and that all Wednesday and Saturday dates not listed below are being held open for other fast clubs. With such an array of talent to be served up it is hoped by the management that generous support will be forthcoming from the local fans.

### ENJOY DANCE

Sub-Juniors Held First Event Last Friday.

In spite of the pouring rain Brynwood Manor Inn held much gaiety for the younger crowd last Friday evening, when the Sub-Junior Community Club held their first dance. As a beginner it was a great success and enjoyed by all. Among the guests present were the Misses Eleanor Michaelson, Ruth Hopkins, Virginia Douglass, Eleanor Rowley, Katherine Smith, Julia Robinson, Elizabeth Venneman, Anne Mode, Betty Conys, Alma Berger, Betty Tuttle and Evelyn Jefferis; Samuel Barclay, Dick Kromer, Howard Hahnes, Eugene Lane, Andy Smythe, Robert Russ, Francis Sunderland, Bog Yealand, Dick Berry, Jimmy Smythe and George Supplee. Some familiar guests from surrounding towns were the Misses Louise Tate, Eleanor Betson, Mary Cook and Jean MacDonald; Ed Reynolds, Dick Shoemaker, Dick Springer and John Redifer. The snappy orchestra and the lively Dick Berry and Jimmy Smythe helped make the dance even gayer. Prizes for elimination dancing were won by Miss Virginia Douglas and Mr. Francis Sunderland.

### START ON POST OFFICE

Work on the new Narberth post office started last Monday with the demolishing of the house on the site on Essex avenue. The building is to be completed by the 15th of July and is being constructed by John Simmons.

## A PROCLAMATION

To the Citizens of the Borough of Narberth:

WHEREAS,—in accordance with the annual custom, and at the time of year when nature puts on her brightest garments and the housekeeper sets her dwelling in order after the long winter season, I hereby proclaim—

THAT the week commencing Monday, May 14, 1928, be and the same is hereby designated as "Clean-Up Week," during which time all citizens and residents of the Borough are urged to gather and collect all trash, rubbish, dirt, ashes, etc., and put them, at the accustomed time, in that portion of their premises from which ashes are regularly collected.

AND, I further direct that the Superintendent of Public Works make provision for the removal and disposal of the aforesaid trash, rubbish, dirt, ashes, etc., to the end that our town may continue to be known as "A Good Place in Which to Live."

Given under my hand and the seal of the Borough of Narberth this fourth day of May, A. D. 1928.

WILLIAM HARRIS,

Burgess for Boy Week.

Attest: GEORGE TRIMBLE,  
Secretary for Boy Week.

## MAIN LINE COAL MEN HOLD CLASS

Anthracite Association Is the  
Sponsor of Narberth  
Meeting.

### MAY SEES PRICE BOOST

Still better service to their customers and creation of a more united effort in maintaining and extending their anthracite market were subjects discussed at a meeting of most of the coal dealers of the general Main Line territory from City Line to Bryn Mawr, held yesterday in the offices of the Narberth Coal Company at Narberth.

The meeting was designated as a "class" and was held under the auspices of the Anthracite Coal Operators' Association, which is made up of practically all the large wholesalers doing business in this section. A representative of the Philadelphia office of this association who was active in calling the local dealers together, was a speaker at the session.

He told of a series of 10 to 12 lectures dealing with heating problems and the use of anthracite coal in meeting these problems, which it was proposed to give, at the rate of one a week, to representatives of the various retail firms interested. The purpose of these would be to keep the retailers informed as to the latest methods of servicing their customers and extending their markets to meet competition from other heating agencies. Mention was also made of a sort of a "trouble man" service to be established by the group which would call for individual visits by an expert heating engineer to analyze the heating problems of a home, when such visits were requested by a customer. Another proposal was a combined advertising campaign in local newspapers which all of the dealers in the district would unite in, sharing individually in the cost.

Two "classes" were scheduled for the Main Line yesterday by the Anthracite Association. One for dealers from Bryn Mawr to City Line was to be held at Narberth; the other from Bryn Mawr to Paoli was to be held in Wayne. Retailers who were to be represented at the Narberth meeting included the Narberth Coal Company, Joseph M. Cranston, Cynwyd; Joseph J. Skelton, Jr., Cynwyd; L. M. Thompson, Cynwyd; Althouse, Gladwyn; Smedley and Mehl, Ardmore; Jennings, West Brookline, Calloway, Llanerch; Moore Company, Llanerch; Roberts, Llanerch, and the Newton branch in Ardmore.

No attempt was made yesterday to unify retail coal prices along the Main Line. These changed during the past week, with the ending of April during which time coal was at its lowest price level of the current year. One or two dealers are still maintaining their April low prices, but the majority added an average of 25 cents a ton to all grades of coal. Some of the retailers increased their prices late last week. Others made the boost effective as of May 1.

## BOY WEEK GETS WELL UNDER WAY

Parade, Church Services and  
Sport Events Attended  
by Many.

### WILL END TONIGHT

Final contests and the award of prizes will mark the close tonight in Lower Merion and Narberth of a highly successful Boy Week which began last Saturday morning with a relay race and a parade in which 100 automobiles filled with 400 boys took part.

Despite rainy weather the parade wound its way along Lancaster and Montgomery pikes from Rosemont to City Line with 100 cars, 15 floats, five companies and four bands. Several prizes will be awarded tonight as a result of decisions made by the judges who sat in a reviewing stand on Montgomery pike, Cynwyd.

The judges were E. E. Burnigame, L. M. school board treasurer; Walter C. Neely, Bala-Cynwyd Fire Company president; William T. McIntyre, Ardmore Chamber of Commerce and Fire Company official; Henry A. Frye, Narberth burgess, and H. H. Phillips, Cynwyd, under whose chairmanship the parade was made a success.

At the same time the parade was getting under way 50 Lower Merion

### "JINGO" WIFP DEAD

"Jingo," the brown and black Belgian shepherd dog owned by Mr. and Mrs. E. H. Wipf was killed by a bus Sunday, thus removing one of Narberth's best known and best-liked citizens.

"Jingo" was a friendly, gentle, intelligent and noisy animal, devoted to his master and mistress and an honorary member of the Narberth Fire Company. He was familiar about the streets because of his ability to hold a polite conversation with passers-by as well as for the power of his lungs when in search for his master.

His intelligence in fire matters was almost uncanny at times. The sound of the siren was a signal for an immediate uproar on the part of "Jingo." At the corner of Narberth and Haverford avenues he would stand barking vociferously until Assistant-Chief Ed Wipf trotted by in the direction of Elm Hall. Then he would disappear to show up a few minutes later at the scene of the blaze, usually ahead of the apparatus. No one knew how he sensed the location of the fire.

"Jingo" met his fate as have many other pet animals—from too great a freedom about the wheels of heavy vehicles. No car-chaser, he was yet no match for the giant Leviathans which roar their way through town. He leaves many friends.

### TO GIVE PLAY

"The Pill Bottle," a medical missionary play, will be given at the Narberth M. E. Church on Friday evening, May 18, at 8.15 o'clock. It is being presented by the Standard Bearers for the benefit of the missionary work of the Women's Foreign Missionary Society.

## SCOUTS RUN BORO FOR HOUR FRIDAY

Local Government Functions  
Well in Hands of  
Boy Rulers.

### ISSUE PROCLAMATION

For the first time in the history of the Borough, the conduct of the local government was in the hands of boys for the space of one hour last evening.

Selecting members of the Boy Scout organization to fill seven of the more active positions, Chief Burgess Henry A. Frye, at 7.45 P. M., administered the oath of office to them, whereupon, from eight to nine o'clock, these boys demonstrated their ability to maintain law and order in the Borough.

"Bill" Harris was chief burgess "for Boy Week." "Dick" Wentz was selected as President of Council, while "Sonny" Speed was appointed borough treasurer. George Trimble was secretary of Council. Gordon "Dutch" Wolf occupied the position of Chief of the Fire Department, with Jay "Reds" Thomas as his assistant. Howard Whitney filled the important position of superintendent of public works.

Each boy was impressed with the significance of the work he had undertaken. Chief Burgess Harris took the initiative by issuing a proclamation to the citizens of the Borough setting aside the week of May 14 as "Clean-Up Week." Before doing so, however, he consulted with the superintendent of public works about the removal of the trash and rubbish, so that this work will be done by the borough force.

This proclamation appears in full elsewhere in this issue of "Our Town." It bears the signature of William Harris, burgess for Boy Week, and is attested by George Trimble, secretary for Boy Week.

The President of Council, "Dick" Wentz, took occasion to make an official inspection of the new borough hall, which is now under construction. He expressed himself as highly pleased with the progress of the work, and particularly over the fact that hereafter the members of Council will have more commodious quarters in which to conduct their meetings.

"Sonny" Speed had the extreme pleasure of filling out the check

### SILVER WEDDING

A surprise party in honor of their twenty-fifth wedding anniversary was given Mr. and Mrs. Harry B. Weld, at their home, 511 Essex avenue, last Tuesday night, April 25. The guests included Mr. and Mrs. Donald McCormick, Mr. and Mrs. Frederick C. Torrey, Rev. and Mrs. John Van Ness, Mr. and Mrs. Robert H. Durbin, Mr. and Mrs. A. G. Follette, Mr. Lorenzo Bergeron, Mr. William Rogers, Mrs. William J. Herrschaft, Miss Elizabeth Durbin, Miss Helene Manypenny, Mrs. Paul Baughman, Mrs. Gottsman and Mr. Ted Fowles.

### GETTING WELL

The many friends of Howard Davis—and that includes everybody that lives in Narberth now and about everybody that ever did live here—will be glad to know that he is convalescing from an operation performed ten days ago. He is in the Polyclinic Hospital, Philadelphia, but it won't be long now before his genial countenance will again be seen along Haverford avenue, and if "Po," will be any more pleased to be back than everybody else will be to have him back, he has certainly got to go home.

### BENEFIT WAS SUCCESSFUL

The comedy-farce, "More Wives," given last Friday and Saturday evenings in the auditorium of the Narberth school for the benefit of the Narberth Fire Company was well attended. Despite the downpours on the first night there were good houses in attendance. The Fire Company wishes publicly to express its thanks to the residents of the Borough for their support.

### Merchant in Florida

Howard Franklin Cotter, local grocer and vice-president of the Philadelphia Retail Grocers' Association, is enjoying his first vacation in a number of years. He is attending the Shriners' convention in Florida.

## CURRENT EVENTS RAIGUEL'S TOPIC

Eminent Traveler and Lecturer  
Enthralls Clubwomen  
Tuesday.

### ELECT NEW DIRECTORS

A dream come true, was the program arranged by Mrs. W. R. Green, Program Chairman of the Women's Community Club, on May 1st meeting. It had been her desire to bring to the club one great speaker, and in presenting Dr. George Earle Raiguel, world traveler and international lecturer, every one present felt she had indeed accomplished her aim.

Dr. Raiguel gave a fearless discussion of Current Events, prohibition, our foreign policy, pacifism and intervention. He forecast for the next election not one of the favorites but a dark horse, Vice President Dawes, and told in plain English the reason in his estimation why; especially he stressed that the East must reckon with that vast country west of the Allegheny Mountains and said he believed a Western President would be chosen.

He said in speaking of our treaty with France that, "we expected too much regarding out-awry of war; that we are too impatient. It cannot all be done in our time, and we must get the people in a different frame of mind regarding war and then we will gradually move forward. The French, the most intellectual nation in the world today, know too much to be governed by their emotions and so are capable of looking more dispassionately at the great events about them."

Regarding prohibition, he considers it a class legislation, but says nowhere in the world today have the standards of living become so high and so much on an even level. Both classes and masses little by little have come to where they may dictate as to the conditions under which they shall work and live.

"The day of intervention is done" in his opinion and especially are the nations drawing together through the ambassadors of the air. His word picture of the landing of Charles Lindbergh in Paris was a thing of marvelous beauty... the dancing, laughing, singing crowd waiting, the sudden silence and the lovely silver thing in the sky with all the lights flooding it. It was one of the greatest things ever accomplished to bring the nations together and to turn the shining eyes of the world toward our own

### DOG CATCHERS COMING

Local dog owners have been warned to be sure their pets are licensed and kept under control, as information has been received by Justice of the Peace H. C. Fritsch that the State dog inspectors are working in this direction.

The results of such visits are invariably numerous fines and missing dogs, in cases where animals are found unlicensed. The tags may be procured from the office of the County Treasurer at Norris-town.

## PARKING GETS 12 IN DIFFICULTIES

Tags, Hearing Follow Continued Disregard of Borough Regulations.

### LET OFF WITH WARNING

The heavy hand of the law descended upon 12 motorists Monday, and as a result they appeared at Ardmore Tuesday before Burgess Henry A. Frye, charged with violation of the parking rules on Haverford avenue.

The sudden demonstration of the revival of police activity occurred at the order of the burgess after police had reported to him that warnings were proving futile. The offenders were sent to Ardmore for the hearing due to the torn up condition of Borough Hall.

"It is an old story that if you give a person an inch they will take a mile," said Burgess Frye in commenting on the matter, "and in the opinion of the borough authorities, the mile was now being stretched to two. Utter disregard of lines, both as to angle parking and corners, was not being overcome by warnings and polite requests of the officers to elicit the co-operation of the driving public. To some both sides of the street were available for unlimited parking irrespective of signs."

"To meet the situation there was only one thing to be done. Warning tags of various colors had been used without avail, so the officers were instructed to use the summons tags, and they did."

The Narberth Board of Trade was represented by its president, Cris Koch, and its solicitor, W. Russell Green, Esq., at the request of the burgess, because the present scheme of parking was adopted in 1927 at the request of that organization.

After explaining the parking scheme and allowing each person to tell his or her story, all were discharged with a promise not to do it again and to spread the word among their friends and neighbors.

After the hearings the burgess and Superintendent of Police Smith called upon the spokesmen of the Board of Trade for any suggestions they might have to solve the increasing traffic problem, and to the surprise of all, the plan originally adopted by the police and then revised at the urgent solicitation of the merchants was offered.

Early in 1927 one zone parking parallel with the curb on both sides of Haverford avenue, except in front of the station, was adopted. The resultant protest of the business men was so great that they formed the Board of Trade and presented their case.

### TO REGISTER CHILDREN

Health to Be Safeguarded Before Entering School.

The Narberth School Board, teachers and the members of Mother's Council are working together in a summer round-up campaign of children who are entering school for the first time this fall.

The school would like to have all children registered before June 1, which is the date set for the health examination of each child who has not been in school before.

The aim is to have the children one hundred per cent. perfect at the opening of school and thus avoid waste of time for both teachers and pupils.

Miss Kevorkian, the health teacher in the school, and Mrs. Van Auken, of the School Board and the Mother's Council, are in charge of the campaign. Please register the children this month. Further announcement of the health examination on June 1 will be made later.

### W. F. M. S. OF M. E. C. MEET

The Woman's Foreign Missionary Society of the Methodist Episcopal Church will hold their meeting in the church on Monday, May 7. The business meeting will take place at 2.30 P. M. World Friendship service at 3 P. M. Dr. Frances Health, a medical missionary from China, will speak on World Friendship. All members of the society and women of the community are invited to be present.

## MASS EDUCATION BRINGS LOW LEVEL

Schools Made So Easy Anyone Can Pass, Haverford Head Tells Rotary.

### MEDIOCRITY STANDARD

"It might not be a bad idea for the State to stop paying for the education of the young, in order to restrict higher education to those willing to work for it," said Dr. W. W. Comfort, president of Haverford College, in the course of his address Tuesday night before the Bala-Cynwyd-Narberth Rotary Club at its May business meeting held at the Cynwyd Club.

America's great experiment in mass education, the speaker said, is suffering the drawback of providing schooling for hundreds of thousands who do not desire it, and who are not willing to take advantage of the opportunity offered.

Dr. Comfort's talk was a part of the Rotary club's observance of Boy Week. The speaker discussed in an interesting fashion many phases of boy training and education.

"The family is more responsible for the way a boy turns out than is the school or college," Dr. Comfort said. "He is influenced by the family attitude and by the subtle comments made at the dinner table. These small influences give the warp to a child's character."

#### Deplores Lack of Respect.

The speaker deplored the lack of reverence and respect for authority so noticeable today, but attributed it to the modern attitude of taking nothing for granted, experimenting and stripping every subject to its essentials.

This leads to the attitude the youth calls "sincerity" and to superficiality, which Dr. Comfort called the "besetting curse of American education." We are spreading education too thin, he stated.

"Educational institutions are cluttered up with a vast number of children guileless of any real purpose in going ahead further. We are working with such vast numbers of pupils that we are gaining mediocrity as a standard, for the only way we can get everyone through the school system is to make the work so easy anyone can pass it."

The problem of guiding a boy into useful pursuits was taken up

### Speaks on Boys

Dr. William W. Comfort, president of Haverford College, who spoke to Bala-Cynwyd-Narberth Rotarians Tuesday night on the subject of boy training and education. He deplored modern-day mass education, which he declared made mediocrity a standard.

at length. Lack of discipline and purpose, the speaker said, is causing unusual emphasis to be laid on frills, such as mechanics, saxophones and sports. These activities are excellent in themselves, but when permitted to use up all the time and thought of a boy, will block real preparation for the serious competition of later life.

The remedy suggested was, in essence, to ask a boy to name a man he admires, and then to show the steps by which that man reached his station in life. If possible, Dr. Comfort said, boys should be encouraged to meet men whom they might well take as examples for later life.

A plea for Latin, mathematics and English as basic studies was made, with a criticism of the lax scholastic rules which permit a student to drop difficult subjects in favor of "soft" ones.

"Interest your boys in the long-term investments of life," he said in conclusion. "Let them emphasize the things they will need after they are 25, not the things they will have to junk."

## Save time, energy, money —don't market every day

### GENERAL ELECTRIC Refrigerator

It's such a relief not to have to go to market every day. Two or three times a week will do the job—with energy, time and money saved—if you have a General Electric Refrigerator.

For even the smallest model is so designed that it can hold a generous store of foods—several days' supply for the average family. And its temperature, of course, is just right to keep meats wholesome, milk sweet and salads crisp.

The General Electric Refrigerator actually makes a minimum of floor space yield a maximum of food space. That's because

the chilling chamber is incredibly compact. The up-on-legs models make it so easy to keep the floor under them clean.

You will notice, too, that the General Electric has no belts or fans or drain pipes. That it has no machinery under the cabinet, inside—or in the basement. You will be glad that it needs absolutely no oiling. And your bills for electricity will tell you the pleasant story that this perfect refrigeration actually is economical.

Come in today and study the various models. And send for a booklet. If you wish, time payments can be arranged.

## TAKE DEBATE, BUT LOSE SWIM MEET

Girls Down George School in Oratory, But Haverford Mermaids Win.

Girls of the Lower Merion High School took the stage center last Thursday, when one team defeated George School in debate while another lost to Haverford High School in a close termination of the Delaware county girls' swimming league.

Hope Burlingame, Ruth Snyder and Margaret Mawhinney (captain), with Elizabeth Venneman as alternate, composed the forum team who debated last Thursday morning at assembly in the senior high school auditorium. They were awarded the decision over George

School, after presenting their viewpoint on the question. Resolved: That the interests of the United States would be benefited by retaining the present immigration laws.

Not so fortunate was the swimming team, however, when the Haverford High School mermaids won the final meet of the Delaware county girls' league last Thursday at a "Y" pool in Philadelphia. Lower Merion was second, with Radnor and Upper Darby High trailing behind.

The four schools competed in dual meets first, culminating in the quadrangular affair last week. Lower Merion entered this in the lead, with 289 points, and Haverford was a close second with 287 points.

In the final meet, however, Haverford annexed 88 points as compared with Lower Merion's 53, Radnor's 48 and Upper Darby's 32. Captain Dot Gimber, of Lower Merion, won the 20-yard breast stroke, and her teammate, Ruth Wilbur, took the 20-yard free-style and backstroke; but Haverford piled up points by capturing the diving, form swimming and 80-yard relay, in addition to making second and third place in several events.

The final totals were Haverford 375, Lower Merion 342, Radnor 319, Upper Darby 294.

Miss Gertrude Dutcher, secretary of the county league, acted as judge of the meet. The cup for which the girls competed was offered by the Ardmore "Y."

Tomorrow evening in the gymnasium of the junior high school, the junior class will entertain the members of the graduating class at a farewell dance in their honor. Decorations and arrangements have been taken care of by Robert L. Elmore, president of the junior class, who has been assisted by Ross Wilbur and Florence Meade.

The dance is an annual one and this year it promises to be one of those "best ever" affairs. Patrons who will attend are as follows:

Mr. and Mrs. Charles B. Penny-packer, Mr. and Mrs. Warren Cocklin, Mr. and Mrs. Helveston, Mr. and Mrs. Paul Keever, Mr. and Mrs. Frank H. Elmore, Mr. and Mrs. George A. Mead, Mr. and Mrs. Charles Hayes, Jr., Dr. and Mrs. Bertrand K. Wilbur, Mr. and Mrs. James C. Seller, Jr.

"Co-operation cuts cost" is our slogan, which is not an empty collection of words, but a slogan that means "service" at a lower price than food could otherwise be sold. It exercises a restraining influence on the monopolistic chain stores who could, were it not for the co-operative stores, obtain a much higher price from the consumer. The true value of any trade-mark or name depends upon the confidence it has created. Building that confidence, or good will, is the principal purpose of advertising. ## Play Ball

"Play Ball!" The old familiar cry will resound from the playground this afternoon with the opening of the baseball season with the Narberth Club opposing Gladwyne in a practice game. This year, due to the local club's decision to play independent ball, the devotees of the great American game may go down to the ball field and root every Saturday instead of every other Saturday as was the case in the past.

What the caliber of the local team will be is yet unknown except to Manager Fred Walzer, perhaps. Anyway there will be two games a week at home as soon as the season really gets under way and that's something. The crack of hickory on a gloved hand, what a welcome sound after a turbulent spring!

## Tennis Courts and a Swimming Pool

In spring a young man's fancy turns to thoughts of love—so at least, it is maintained, but with the arrival of clear skies and warming weather the past week it is a safe bet that the thoughts of more young men as well as the female of the species turned to thoughts of outdoor sports. And chief among these were thoughts of tennis and swimming.

The Main Line abounds with clubs maintaining large and complete facilities for tennis and also has innumerable private swimming pools, but where are there any of these, centrally located, that are open to use except upon payment of dues that to many young people are prohibitive? To be sure, as far as tennis is concerned, there are the courts at the high school in Ardmore, but these are not opened to the public until school is at an end and summer is already under way. There are also a few scattered courts on various playgrounds, as in Bala, but these as well as those at the high school are too few in number and inadequate.

Philadelphia with its acres of ground in Fairmount Park has established scores of public tennis courts and on clear days these are crowded with youthful enthusiasts who eloquently testify to the hold which tennis has taken upon the youth of the country. Lower Merion, located in a suburban splendor that vies with the beauty of Fairmount Park, also has innumerable open spots ideal for the establishment of a series of public tennis courts. Why can't it through playgrounds maintained jointly by the township commission and the school board, establish courts which would be open to its young people—and its older residents as well—from early spring to late fall? No great expense would be involved in creating such recreation centers, which are now features of scores of communities both large and small, and the up-keep of these could be taken care of by small membership fees from purses that, while not pauperous, yet admit of no straining.

As for a swimming pool, that is a problem of harder solution. There are already several places in the township open to the public at nominal fees, but most of these are located in remote sections and are unable to accommodate a large amount of patronage. A big pool located adjacent to either of the two main highways, Lancaster or Montgomery pikes, and near to bus transportation would be certain of satisfactory patronage and would be a welcome relief to many Main Line residents in the torrid days of summer.

Several attempts have already been made to establish such a public resort. A few years ago the Main Line Civic Association, now the Community Health and Civic Association, was after the township commissioners for aid in establishing a public pool in the Mill Creek valley in back of Ardmore. Aid was sidestepped by the commission not only because of the thousands of dollars of expense which it would require, but also because of embarrassing color line restrictions which would have to be considered were such a public pool established. Another attempt seeking to encourage private capital to build a pool in the Wynnewood-Narberth section on Montgomery pike was made by the Bala-Cynwyd Neighborhood Club last year, but this failed when Narberth residents in the vicinity of the proposed pool objected.

Agency for such action already exists in a joint co-operation committee on which practically every civic club of the Main Line is represented. Immediate action by this committee might mean the realization of the much-discussed swimming pool project.

R. J. Hamilton Made Officer of Association at Dinner in Norristown.

A year of rapid growth and expansion of its activities was celebrated by the Montgomery County Bankers' Association at its annual banquet last Thursday night at the Valley Forge Hotel in Norristown.

A period of continued progress for the coming year was predicted by the 150 members from all sections of the county who attended. Speakers described the organization as a "robust youngster who had achieved results beyond the most optimistic hopes of its supporters in its initial 12 months of infancy."

Speakers at the affair included Judge Harold G. Knight, of the Montgomery county bench, and Frank W. LaBoid, assistant cashier of the Federal Reserve Bank of Philadelphia.

Election of officers which was one of the features of the banquet resulted in the selection of Richard J. Hamilton, of Ardmore, head of the Merion Title and Trust Company, as vice president.

Among those who attended the dinner were:

J. W. Murray, Merion Title and Trust Company.

William Fowler, Merion Title and Trust Company.

D. W. Charles, Merion Title and Trust Company.

George W. Super, Merion Title and Trust Company.

### CONCERNING STREET WIDENING

To the Editor of Our Town: Will you kindly publish this article taken from the Philadelphia Record a few days ago in connection with the problem of widening the business streets in Narberth.

A. E. WOHLERT.  
The article Mr. Wohlert wishes brought to the attention of Narberth residents follows:

Streets and road widening generally increases the value of abutting property to a point exceeding the costs of the project, figures indicate. One of the country's most outstanding examples of this, according to W. E. McComas, district engineer of the Portland Cement Association in Philadelphia, is the widening that has been done on Chester pike through Folcroft, Sharon Hill and other towns. There are cases where property values increased nearly 1000 per cent. in a comparatively short time as a result of the manner in which the thoroughfare was improved.

"Besides enhancing the value of abutting property," Mr. McComas continued, "widened streets have stimulated business and residential growth on subdivided properties, they have changed low class residential property into high-class business property and they have transformed ordinary business frontage into highly desirable property."

"Property values in progressive cities naturally increase as time passes, yet statistics show that the acceleration of values is considerably more marked on widened and improved thoroughfares. Property on Summers street, Charleston, W. Va., widened to 76 feet, was valued for tax purpose at \$325 a front foot in 1919. After the widening, the valuation rose to \$100 a front foot, an increase of about 207 per cent. Property along a comparable street in the same city, not widened, rose a scant third in value."

"A similar case is that in Baltimore. Property on Hillen road, widened from 33 feet to 120 feet in 1923, changed in value from \$523 a front foot to \$1895 in 1927, an increase of 254 per cent. Property along a similar street, which was not widened, increased but 68 per cent. in value."

"Investigations in Cleveland, Milwaukee, New Haven, St. Louis and Akron show the same results. Two-year-old Wacker Drive, Chicago's two-level street, has already expressed in dollars and cents the wisdom of widening streets and of double decking them where traffic warrants. Wacker Drive has added considerably more to the value of downtown Chicago than its actual cost of about \$22,000,000. The augmented value of abutting property and not including the sharpened value of adjacent property is conservatively estimated at \$65,000,000."

Fashionable throngs... sparkling motor cars... and standing out like a flock from Paris—today's Buick!

Fleet, low lines, suggesting rocket-like getaway and unrivaled power... glistening colors, vivid and varied as the harmonies of spring... and soft, rich upholsteries, delightful to the sight and touch.

Luxury like this ordinarily costs a thousand dollars more. But Buick

## Sees Set-Back to L. M. Sports in Graduation of Varsity Stars

In another month's time graduation will again take its toll of star athletes from the various varsity teams at Lower Merion High School. No one sport suffers more than another; they all seem to be hit equally hard.

No longer will the football squad lineup with such familiar faces as Captain Al Cook, Ossie Smith, Bill Mearns, Sam Barclay, Parker Lloyd, Clyde Richardson, Monro Purse, Jimmy Henwood, John Baker, Bill Blair, Sherman Coleman and Weldon Vance.

Soccer, too, is hit hard. Captain Gerenbeck, Bob Kesler, Horace Zipperlen and Doug Fleming are all set to receive their sheepskins in June. Coach Anderson must have taken warning from the big list of football men leaving, because he will lose only three of his mainstays from the basketball team.

That outstanding athlete, Al Cook, will be one, and flanking him on either side will be Fleming and Purse. Richardson and Mulligan will be the only baseball lettermen who will graduate, thus leaving a good nucleus for next year's team.

It seems that each graduating class has its one star athlete. In former years were the Scull brothers, first Folwell and then Paul, following them were Gene Kuen and Egg Morris. Last year it was Jack Miller and this year it is Al Cook. Cook stands head and shoulders over the other athletes in the school. He has won seven varsity letters and captained each sport in which he has taken part. In his junior year he was captain of tennis and this year was captain of both the football and basketball teams, a remarkable record that will long linger in the minds of his many admirers.

## Edward A. Carlson, of Ardmore, Boy Week Head, Is Boy Scout Executive

From Times Herald

Boys' Week began on the Main Line Saturday and throughout the observance which ends this Saturday the Boy Scouts of America will play a prominent part.

And speaking of Boy Scouts of the Delaware and Montgomery council can hardly be done without making mention of Edward A. Carlson, of Ardmore, one of the prominent scout executives of this district and one of the leaders in the county.

Mr. Carlson was born June 14, 1889. His interest in organizing and conducting boys' activities dates back to his grammar school days when finding no provision for the boys' leisure time and being athletically inclined he organized his class into an Athletic Association, and conducted contests, and games after school and on Saturdays. In his graduating year, he organized a "Junior Republic." While in high school, he organized a hiking and camping club, also an athletic club outside of the school, which continued in existence up to a few years ago.

The scout leader is a graduate of Browns' Business College and of the Silver Bay Summer Training School in physical education.

### Four Years In Business.

Four years were spent in business, during which time Mr. Carlson was active on various committees in the Central Branch, Brooklyn, Y. M. C. A., the Sunday School Athletic League, Leaders Corps and the like.

In 1910 Mr. Carlson became assistant Social Secretary of the Central Branch Y. M. C. A., six months later being promoted to physical director of the Boys' Department, continuing in this position for eight years. His varied experience is shown by these activities: 1913-14 Secretary, Physical Directors' Society of Brooklyn, N. Y.; 1914 to date, Commodore of the United States Volunteer Life-Saving Corps; 1914-17, Expert Examiner for Boy Scouts in Life Saving, Swimming and Athletics; 1915-16, Chairman, Boys' Work Committee of Y. M. C. A., of Brooklyn, N. Y.; 1916-17, Physical Director, Bliss School; 1918-21, Director

EDWARD A. CARLSON

Dan Beard's Outdoor School. In 1915 he became the Executive of the Delaware and Montgomery Counties Council, which position he still holds; chairman, National Committee of Exhibits, Fourth Biennial Conference of Scout Executives; 1927, Chairman, local Boys' Week Committee; 1927, chairman Boys' Work committee, Ardmore Rotary Club; 1927, Chairman, Boy Council. Mr. Carlson is a member of these clubs: City Club of Philadelphia, Keystone Automobile Club, Free and Accepted Masons and International Rotary.

The Delaware and Montgomery Counties Council is one of the oldest Scout Councils including a county, and in reality the first area Council including more than a Council and thus the forerunner of the present area plan. This Council has had an excellent history, and has many active officers. Mr. Carlson has given the Council able and progressive leadership.

## GILFILLAN CAMP

### Swimming Club

Spring Lake

Paoli, Pa.

The primary object in joining a club of this kind is that one may go there for a couple of hours in the evening for some real exercise and relaxation or enjoy a whole day in the great outdoors.

Spring Lake, because of its accessibility to the Main Line and its natural beauty, makes it irresistible. The location, combining the attractions of woods and fields, provides ideal picnic spots. The lake affords quiet, shallow water for canoeing. There is a beach for timid swimmers and beginners, and for the more advanced swimmers and divers every facility for water sports, tennis, basketball and other sports is offered. The year-round membership includes ice-skating privileges.

There is health in the great outdoors—health in its fullest sense—physical, mental, spiritual. Our late President Roosevelt said: "To be fit mentally, one must be fit physically." This exclusive little place will serve the latter purpose.

Adults, \$10.00; six to sixteen years, \$5.00. Children under twelve years of age must be attended by adults. Guest, accompanied by member, 50 cents. Special rates for families. Swimming instructions, six lessons for \$5.00.

## AVIATION BOOKS HERE

Library Includes Other Interesting Non-Fiction in May List.

While the list of fiction purchased by the library for April includes some very interesting novels, the real honors go to non-fiction, a condition which has been recurring more and more frequently of late. And among the non-fiction the two books on aviation are certain to attract the most attention. They are "Skyward," by Commander Richard E. Byrd, and "Record Flights," by Colonel Charles Chamberlin.

Both these books are among the best sellers of the month, and both are more than books of adventure, and more than autobiography, as they contain what is of greater importance, the story of the struggle of these two men to conquer the air.

The list follows:

"Skyward," by Commander Richard E. Byrd.

"The Greene Murder Case," by S. S. Van Dine.

"Reeds and Mud," by Vicente Blasquez.

"Fool in the Forest," by Anthony Pryde.

"Record Flights," by Clarence D. Chamberlin.

"Alger, Biography Without a Hero," by Mayes.

"Crusade," by Donn Byrne.

"Golden Spur," by J. S. Fletcher.

"Miss Nobody from Nowhere," by Elizabeth Jordan.

"Mr. Hodge and Mr. Hazard," by Elinor Wylie.

"The Far Call," by Edison Marshall.

"Daisy and Daphne," by Rose Macaulay.

"A Mirror for Witches," by Esther Forbes.

"Sheaves," by Marie Conway Oemler.

"Road to Plenty," by Foster and Catchings.

"Stonewall Jackson," by Allen Tate.

"Tammammy Hall," by M. R. Werner.

"America Comes of Age," by Andre Siegfried.

"Selected Poems," by Amy Lowell.

"Nevada," by Zane Grey.

"Daughters of Folly," by Cosmo Hamilton.

"Ugly Duchess," by Lion Feuchtwanger.

"Life and I," by Gamaliel Bradford.

"Hanging Johnny," by Myrtle Johnston.

"The Hotel," by Elizabeth Bowen.

"The General's Ring," by Selma Lagerlof.

for the weekly pay-roll and delivering it to the superintendent of public works so that on the following day he could pay the borough laborers their week's wages. In addition, he deposited in the local bank all moneys collected during the week from various sources.

Fire Chief "Dutch" Wolf and his assistant, Jay Thomas, deemed this a fitting time to make a test of the fire apparatus to see that it was in proper working order. Accordingly, they ordered out the pumping engine and gave it a timed run of three miles around the Borough.

The Superintendent of Public Works, Howard Whitney, busied himself "down town," looking over the new post office lay out, and particularly the condition of the business streets. Several of the merchants were given sharp warnings concerning the dirt and debris that had accumulated in front of their places of business. "Summary action is going to be taken if these things are not righted," he was heard to remark as his inspection disclosed conditions about which the Borough is not very proud. He reported to the chief burgess what his inspection disclosed.

During the hour these seven Boy Scouts were actually taking care of the Borough, Mr. Frye was outlining to the other scouts who were holding their regular weekly meeting in the the Cabin just how the Borough government functions. His talk covered in detail the duties of the several offices that were being filled by the seven members of the troop, concluding with a bit of advice on good citizenship.

During yesterday afternoon, the entire Boy Scout troop policed the Borough, reporting between four and five o'clock directly to headquarters at Ardmore through the local police call boxes.

Vestus Spindler was appointed sergeant in charge of the "south side," while "Bob" Hutchinson was sergeant of the contingent of boys who patrolled the "north side." At the end of the hour, regulation police department reports were filled in and taken to the office of Captain Smith at Ard-

more, for the official records.

The Scouts enjoyed the work immensely. They welcomed the opportunity to demonstrate their ability, and entered into the work with enthusiasm.

## BOY WEEK GETS ALONG

CONTINUED FROM THE FIRST PAGE

High School boys, directed by Coach Harvey Harmon, ran from Rosemont to City Line through the rain-swept Parkway, to City Hall, where the last member of their relay delivered to Mayor Mackey an announcement from Edward A. Carlson of the official opening of Boy Week on the Main Line. The race against time began at 10 and ended at 11:15 A. M., each boy relaying the message a quarter of a mile.

Nearly 2000 boys and parents attended special church services held in five centers throughout the township and Narberth on Sunday.
